The ACS Spotlight

September 2018

During the Month of August ACS gathered for presentations at our SSL center. Scales and Tales came to visit and showed us all different kinds of reptiles. We also were able to participate in Harry Potter Presentation, where our folks made their own patronous spells and wands! They were both a huge hit with many participants!

Additional activities included going out bowling, volunteering at the local Food Bank, the Clark Planetarium and Ashton Gardens.

During the Month of September, ACS will be headed out to the buffet and the Utah State Fair! We will be going to the Pizza Pie Cafe for some yummy pizza. They even have Oreo cookie pizza! We look forward to enjoying this outing and many more throughout the month.

Natalie's Success Story

Natalie has been with the Draper center for a little over 1 year. In that time, Natalie has made incredible progress with her communication, transition times, and attending community outings. Natalie makes us laugh daily with her goofy antics; she runs through the center every afternoon "scaring" staff and peers and bringing a smile to everyone face.

Natalie's favorite activities to participate in are cooking club and craft club. She loves going to any type of museum and shopping at the Dollar Tree and, of course, looks forward to getting a pop on Fridays after a van drive.

Natalie is the DJ in Journey and keeps the music & her peers hopping each day. Natalie is a good friend to her peers and especially keeps an eye out for those with health issues because she loves to help them. We are super proud of Natalie for her accomplishments and truly enjoy having her here!

May's Continued Success

We would like to recognize May for her hard work and dedication this month in all areas. May is a tremendous help to others, and is always so kind and respectful. May participated in a couple of the community service outings this past month, which included volunteering her time at the Food Bank and at a local church. May is such a great example and shining star!

Chase at the Home Depot and Korea

Chase has worked at Home Depot for 10 years and has now been working at LOWES for over a year. He just moved into his own apartment from home! He enjoys community activities during the week and weekends. Chase has been to Korea for Special Olympics and competed in snowboarding!

Employee Spotlight – Maddy Bench

Maddy Bench has been a real asset to the Residential Supported Living Program. She is willing to work pretty much any shift asked of her and is very dependable! She always has a smile on her face and encourages the individuals she serves to work towards their goals. Thanks Maddy for your dedication to the people we serve!
